AP LANGUAGE & COMPOSITION

AP AND SAT SUBJECT TEST CLASS

HCC's new class takes students on an interactive journey to the AP Exam through the reading and writing of argumentative texts. This information-packed AP course will teach the finer points of how to read like a writer and write like a reader as well as give clear instruction on how to create eloquent and cogent arguments like those required on the AP Language and Composition Exam.

If you are aiming for a 5 on the exam, this class just may be what you need to sharpen your rhetorical skills. Over the 10-week period, your teacher will model effective writing, show you how to analyze challenging texts, review reading strategies for success, and encourage you to discover your own attitudes about various topics concerning social responsibility. You will write at least one essay per week in class, and you will receive personalized comments on every essay. In addition, you will meet twice with the instructor, an experienced AP teacher, for a one-on-one conversation about your writing progress.
